NO.	CASE NO.	COMPLAINANT v PHYSICIAN		LIC. #	SUBJECT
1.	MD-07-1047A	AMB	JEFFREY D. STRICKLAND, M.D.	34244	Accept the Consent Agreement for Surrender of active license.

Sue Dana, Compliance Officer, summarized the case for the Board. Dr. Strickland submitted his 2007 license renewal application to the Board that indicated he received disciplinary action or had been under investigation regarding his healthcare license within the past two years. Two hospitals notified the California Medical Board that Dr. Strickland's privileges were either denied or restricted. According to Dr. Strickland, the actions resulted from attendance issues that arose from fatigue due to excessive work and travel. Dr. Strickland voluntarily surrendered his clinical privileges at San Joaquin General Hospital while under investigation for suspicion of drug use and his privileges at the California Hospital Medical Center were revoked as a result of a positive drug screen for cocaine. Dr. Strickland failed to disclose the suspected drug use and positive drug screen to the Board. Dr. Strickland was not truthful concerning the nature of the actions taken by both hospitals, provided false information on his 2007 renewal form, and failed to appear for three investigational interviews. In lieu of summary action taken against Dr. Strickland's license, Staff informed the Board that Dr. Strickland signed a consent agreement for Surrender of his license to practice medicine in Arizona.
